I have been working in childcare for 10 years. It is a career I am very passionate about and dedicated to. I began working at Dragons in 2003 when the nursery opened, I completed my NVQ level 3 qualifications here and last year secured a secondment post, to gain experience in a Reception class in St. George's School. For the past 2 years I have been working towards gaining a Foundation Degree. Having returned to Dragons this term, I am working as a Key Person alongside Lynne. I will be caring for, tracking and documenting the development of a small group of children in the 'Red' group.
