HEALTHY FAMILIES: RIGHT FROM THE START

FOR PARENTS & CARERS

A great start for babies and young children.

Everyone wants the best for their children, but it can be hard to know what to do as a parent or carer in the early years. That's where HENRY comes in.

The *Healthy Families: Right from the Start* programme is FREE to join and helps you give your child the best possible start in life.

About the programme

FREE support for a healthier family lifestyle.

The *Healthy Families: Right from the Start* programme is designed for families with children aged 0-5.

Everyone wants the best for their children, but with so much conflicting advice it can be hard to know what to do for the best as a parent or carer, especially in the early years.

Join the thousands of families across the country who have benefited from the support and tips it provides for young families.

Research shows that the key ingredients to ensuring babies and young children have a healthy start in life are:

- Parenting confidence
- Physical activity for little ones
- What children and families eat
- Family lifestyles habits
- Enjoying life together as a family

The programme covers these 5 themes across 8 weeks and provides everything you need to help get your little one off to a great start.
