

St George's School News

SCHOOL NEWS

Dear Parents/Carers,

It has been a busy few weeks at school for staff and children.

Well done to Year 4 who have been doing their multiplication times table tests and to Year 1 who have completed their phonics tests.

Thank you to Father Mike for celebrating Mass with us yesterday as we said congratulations to all those children who have made their First Holy Communion this year.

Next week is Sports Week at St George's. Mrs Prado (PE Leader) and Mr Lewis (PE Coach) have planned an action packed week, which includes visitors from the GB athletic team and dance workshops. Pupils should wear their PE kit to school all week as teachers have also planned "keeping active" activities for their classes.

Sports Day is on Wednesday 19th June and timings are as follows:

EYFS & Key Stage 1 (Reception to Year 2):

09:15 – 10:30

Dragons Nursery: 10:40-11:30

Key Stage 2: (Year 3 – Year 6) 13:00 – 14:30

It is at this time of year that we speak to the children about transition and being prepared for the next year. Not only do we prepare them academically for this, it is important that they have the age appropriate level of maturity, independence and resilience.

"Readiness for the next stage", is a term that is used in education. As a parent, think about your child's "readiness", talk to them about transition and ensure that they are feeling confident and well equipped for the next stage in their education.

Happy Father's Day to all dads and grandads in our school community. Have a wonderful day – you deserve it.

Enjoy the weekend.

Yours sincerely,

Mrs D Monaghan
Headteacher

“Jesus meek and humble of heart, transform our hearts and teach us to love God and our neighbour with generosity ”

June is the month of the Sacred Heart of Jesus

Please extend a warm St George’s welcome to our relief caretaker, Mr Horacio Tapia Robles.

Farewell and thank you to Ms Julie Patten, dinner lady, who leaves us today. Thank you for all your work at St George’s.

Year 5 students pausing for a brief photograph at London’s Community Kitchen

THANK YOU FOR YOUR SUPPORT

Some students hard at work unloading the food items

5M FOOD-DRIVE

5M extends a heartfelt thanks to our remarkable St. George's school community for their generous contributions to our food drive. All donated items have been provided to London's Community Kitchen here in Harrow

The food bank expressed profound gratitude and admiration for our efforts, recognizing our demonstration of true altruism within the Harrow community

Look at all of our wonderful donations!

PARENTS AND STAFF ASSOCIATION NEWS

Summer Fair Saturday 6th July 2024

1. Donations for the raffle and the auction still being accepted
2. Donations will be required for the cake stall / Bake Off on the day of the fair (bring own boxes)
3. The PSA freezer is not going to last much longer, if anyone has a working freezer they can donate, the PSA would be most grateful

Last week the PSA were delighted to be able to donate ALL of the books on the recommended reading list for Reception through to Year 6 to the school library.

SAFER SPACES SURVEY

London Borough of Harrow is continuing to run its Safer Spaces Survey across the borough, to get more of an understanding on women and girl's safety in public spaces. The link for this can be found here:

<https://talk.harrow.gov.uk/harrowsaferspaces>

It is a way for residents and people visiting the borough (of any gender) to let them know any areas where they feel safe or unsafe, so they can explore solutions.

They are particularly interested in getting the views of under 25s and school students, to ensure they are hearing the voice of our youth, and their parents.

BREAKFAST & AFTER SCHOOL CLUB

magicbooking

Parents are reminded to book children into Breakfast Club via Magic Booking the day before and not to turn up in the morning without a prior booking.

Bookings for After School Club can be made up to 12 noon on the day and therefore all children should be registered by this time.

Any children who do not have a booking will not be allowed to access these clubs except in an emergency situation. This is because staffing levels are arranged in advance based on the number of children to be supervised.

What Parents & Educators Need to Know about POP-UP ADS

WARNING

Pop-up advertisements have been a staple of the internet since they were first introduced in the late 1990s. This form of advertising consists of small windows or banners to appear in the background while someone is browsing a website. Although these ads are merely irritating for most people, pop-ups can present more serious risks to younger users.

WHAT ARE THE RISKS?

- DECEPTIVE TACTICS**: Children shouldn't start understanding what ads are until they're at least 10 years old. Pop-ups are designed to call attention to a product or service, but they can be deceptive. For example, you might see a pop-up that says "FREE" but it's actually a "FREE TRIAL" or "FREE SAMPLE".
- INAPPROPRIATE CONTENT**: While some ads are targeted based on user interests, others are not. This means that children may see ads for inappropriate products or services such as tobacco, alcohol, and gambling.
- MALWARE RISK**: Most pop-ups have legitimate purposes, but some are designed to trick you into downloading malware. If you click on a pop-up that says "Click here to download software" but you don't want the software, you may be downloading malware. It's important to be cautious of these ads, especially if you're not sure if you want to download the software.
- PRIVACY RISK**: Many apps and game developers will collect their users' personal data, such as their name, address, email address, phone number, location, phone and payment information. It's important to be aware of this information and to only provide it when necessary.
- RACKING UP BILLS**: If a child has access to a payment card or bank account, they may be able to make purchases without their parents' knowledge. It's important to be aware of this risk and to only provide payment information when necessary.
- BEHAVIOURAL IMPACT**: Research has found that pop-up ads can have a negative impact on children's behavior. Some of these ads use manipulative tactics that have the potential to cause developmental vulnerabilities, impulsivity, or aggression. This approach may cause a child's mood to shift, becoming more irritable, but parents should be aware of this risk and to only provide payment information when necessary.

Advice for Parents & Educators

- REMOVE POP-UPS**: It's important to have regular conversations with children about online advertising so that they understand the risks of interacting with pop-ups. For example, you can talk to your child about how to identify and avoid pop-ups. You can also use browser extensions to block pop-ups.
- START A CONVERSATION**: If you're concerned that a child may be following pop-up ads to make online purchases or viewing ads that could be harmful, it's important to be able to spot the signs. Look for pop-ups that are repetitive, intrusive, or that seem to be tracking the user's behavior. You can also talk to your child about how to identify and avoid pop-ups.
- SPOT THE SIGNS**: If you're concerned that a child may be following pop-up ads to make online purchases or viewing ads that could be harmful, it's important to be able to spot the signs. Look for pop-ups that are repetitive, intrusive, or that seem to be tracking the user's behavior. You can also talk to your child about how to identify and avoid pop-ups.
- MONITOR CONTENT**: It can often be difficult to spot when a pop-up ad is being displayed on a device. It's important to be aware of this risk and to only provide payment information when necessary.
- PRIVACY SETTINGS**: Most modern devices have privacy settings that allow you to control the amount of information that is collected and used by apps and websites. It's important to be aware of these settings and to adjust them as needed.
- LIMIT SPENDING**: If you're concerned that a child may be following pop-up ads to make online purchases or viewing ads that could be harmful, it's important to be able to limit spending. You can use parental controls to limit the amount of money that a child can spend on apps and websites.
- CUT DOWN ON SCREEN TIME**: When the prevalence of pop-up ads is high, it can be difficult to spot when a pop-up ad is being displayed on a device. It's important to be aware of this risk and to only provide payment information when necessary.
